

# TECHNICAL SPECIFICATIONS | NEMA TWIST-LOCK® POWER CABLES

**We're more than just cables and cord sets.**

Since 1982 we've been helping customers in the automotive, lighting and manufacturing industries find solutions to their electrical problems. We have an in-house **R&D Department** that can assist you with designing custom connectors, creating production drawings & documents, and we can even source parts and systems for you. Plus we have experience dealing with International dealers and manufacturers. Contact DSM&T on your next project and see what we can do for you.
